Woman Sacrifices Life In Effort to Get Penny.

Baltimore, Oct., 25.—An effort to get a penny from a skylight in the Hoffman Building cost the life of Mrs. Lena Imhoff, who was employed as a charwoman. Mrs. Imhoff fell through the skylight and was killed.

Several days ago she swept up the penny in one of the offices and threw the dust out of the window. A metallic ring attracted her attention as the penny fell on the skylight over a room on the first floor. Yesterday she got out on the roof over the room and attempted to reach the penny, but lost her balance and fell through the glass.

WOMAN'S THROAT CUT

Body of Mother of Four Children Discovered in Vacant Room

New York, Oct, 25.—One of the most brutal murders in New York's history of crime was discovered late yesterday afternoon in a vacant flat on the first floor of the tenement at 429 Cherry street.

The body of a woman, the mother of four children, was found lying on the floor, alone in the room. Her throat was cut and her left side bore a stab wound. The murderer had locked the door with a heavy padlock.

According to the medical examiner, the woman bled to death from the severing of her jugular vein.

There are indications that an attempt was made to assault her, that she resisted and that he stabbed her in a struggle that followed. It is possible the murderer was a madman or degenerate.

The victim was Mrs. Anne Horowitz 38, janitress of the house. She lived on the second floor. Her husband, Herman Horowitz, says she started to clean the house at 9 o'clock yesterday morning.

Presented With Watch

F. W. Latham, Retiring Superintendent of Gas Plant, Remembered by Employees

Frank W. Latham, superintendent of the city gas works, at 2 o'clock yesterday afternoon was presented by the employees of that plant with a handsome gold hunting case watch as a token of their love and esteem for him. The occasion for the presentation was due to the fact that Mr. Latham shortly will resign as superintendent of the plant and also that it marked his forty-seventh birthday.

The presentation was made by Frederick G. Eberhardt, clerk of the gas, and he in a short address told how the men wished to show their appreciation of Mr. Latham who has been superintendent of the plant for the past thirteen years. Mr. Latham made a suitable response and thanked the donors and told them of their co-operation which helped to make his administration a success.

The presentation took place in the boiler room of the plant in the presence of all of the employees of the plant. The watch bears the following inscription 'Frank W. Latham. With Love and Esteem From the Employees of the Alexandria Gas Plant, October 24, 1920."

Mr. Latham resigns as superintendent to accept a position as resident secretary of the Scottish Rite Masonic bodies of this city. He will, however, continue at the plant until his successor is chosen.

For thirteen years he has been superintendent of gas and in addition served nine years in other capacities at that plant making a total of twenty two years.

The opinion of the chief is that the robber intended to clean out the window of shoes, but was frightened away by the approach of someone.

BRITISH STRIKE HELPS U.S. SHIPPING

Many Vessels Long Idle, Being Put Back to Work

END OF STRIKE NEAR

Marked Progress Made at Government Miners' Conference—Anxious For Place—Union Meet Wednesday

Washington, Oct. 25.—The nation-wide strike of coal miners in England is having a marked effect on American shipping. Though in progress less than a week the strike already has stimulated shipping in American bottoms to the extent that scores of vessels that had been tied to docks because of no cargo are again at work.

The effect is especially apparent in the coal trade. It is stated here that the shipping has been offered more coal for export than can be accommodated on the vessels now available although much of the tonnage that became idle during the recent depression had been put into service.

The strike also has had the result of tending to raise ocean freight rates, which had slumped sharply following the announcement of the French line that it had declared a rate war and the known attitude of other foreign lines because of the antagonism to the alleged discriminatory provisions of the shipping act.

London, Oct. 25.—A settlement of the miners' strike is expected this week. Marked progress was made yesterday at a conference at the Premier's residence in Downing street between representatives of the miners and Lloyd George and several members of his Cabinet.

The Government yielded at the conference, and made what amounts practically to a capitulation to the demands of the miners for an increase in wages of two shillings a day. The miners, however, would be placed on their honor, under the new proposal made to them by Lloyd George, to increase the production of coal.

Most of the labor leaders are keenly anxious to avoid any further dislocation of national industries and they recognize that they have no support outside of the ranks of labor, while even there the distress incident to a long strike would weaken the will of the workers. Under the best conditions there must necessarily be widespread unemployment.

If a settlement of the coal strike, therefore, rested solely with the delegates who met Lloyd George yesterday, there is no question but that it would be reached quickly, but among the miners there is a considerable number of extremists. The influence of Robert Smillie and Frank Hodges, the representatives of the miners, is so great, that many believe that their advice will be accepted.

Lloyd George has taken full charge of the Government's negotiations, and at yesterday's conference it was apparent that those ministers who up to this time have opposed any sort of compromise with the miners have been forced to step aside.

The settlement of the miners' strike would automatically dispose of the threatened sympathetic walkout by railway men and transportation. There were all signs last night of a marked improvement in the industrial situation. The tension which has pervaded the country seems broken. There has been a tendency all along to regard the miners' walkout and its attendant circumstances as something more serious than any ordinary strike. The press, without exception,

Predicts Victory For Cox

In Electoral Vote Forecast, He Claims 256, Giving 164 to Republicans

New York, Oct. 25.—Chairman Geo. White, of the Democratic National Committee, forecasting today the result of the election, predicted that Cox and Roosevelt will have 256 electoral votes, "as good as counted," the Republicans 164, and that the Democrats will win a majority of the remaining 111.

"I have been making a detailed investigation of conditions in the various States," the statement said, "For two days I have been receiving revised reports. It is now possible to give to the public a statement of our prospects in the election. I realize that the customary act of a national chairman at this stage of the fight is to claim everything, in the hope that he can persuade wavering voters to line up with his side. Will Hays, my antagonist, has given me several public lessons in this obsolete practice lately by claiming everything except a part of the Southern States.

"Nevertheless, I am prepared to make a fair and honest statement of the situation. I shall reserve the names of the States he will carry, because the public would not expect me to acquaint the Republican managers with our campaign plans. But I do say this:

"Governor Cox and Mr. Roosevelt will have 222 electoral votes east of the Missouri River and 34 west of the Missouri River, a total of 256, as good as counted. This is within 10 of the number necessary to elect. The Republicans have 164, which I regard as good as counted for them. This leaves 111 votes in contest. In the decided swing now in progress toward the Democratic ticket we will carry a majority of this 111—a very comfortable victory, indeed.

"This is my prediction. I am confident it will be borne out election day."

SCANLAND MURDER BAFFLES SLEUTHS

Coroner's Jury Says He Was Murdered By Hit On Head

BODY SHIPPED TO KY.

Scanland on Bail in Connection With Killing of Texan —Revenge May Have Been Motive for Slaying.

Clues for the murderer or murderers of Maj. Frank Murphy Scanland thus far have proved barren of results and it was admitted this afternoon by the Inspector Clifford L. Grant of the Washington Police Department, Commonwealth's attorney Frank L. Ball of Arlington county and Police Chief C. T. Goods of Alexandria that they are without any tangible clue in the case.

At the inquest held here yesterday afternoon at the mortuary chapel of William Demaine and Son a coroner's jury, as stated below, gave a verdict of murder. Not any of the four witnesses knew anything as to how he was murdered.

The body of Scanland this afternoon was shipped by Demaine and Son to Frankford, Ky., for burial.

The body was accompanied by his wife, Mrs. Alice Scarland, Youngstown, N. Y., and his sister, Miss Sarah Scarland, Frankford, Ky.

Mrs. Scanland told Undertaker Windsor Demaine that since her husband returned from overseas that he had been in poor health, having lost considerable flesh. Neither the wife or sister viewed the body, but said they were satisfied as to the identification.

The wife told the Washington police that she had been in communication since her husband was in Washington and he had given no intimation that he was in financial trouble. She added "He certainly had no need to be."

The wife also said that she knew nothing of a message said to have been found in Scanland's effects which was addressed to "Dear Daddy" and which was signed "Your Child" following a reference to "Jane Rose".

Sheriff Clements thinks that Scanland got by with an automobile party in Washington and was murdered on the trip and his body taken where it was found by the murderers.

He investigated reports that several persons heard screams of a woman the night of October 16 in the vicinity of where the body was found. The screams came from a woman in an automobile, he said his investigation revealed although he could find nothing further than the report.

There are many persons who think that Scanland was killed by two men and they are of the opinion that they probably were men who served under him in the army who harbored a grudge against Scanland and only met up with him in Washington recently.

A colored man confined in the jail at Fort Myer Heights for vagrancy again was interviewed this afternoon by Washington detectives but he could not shed any light on the case. Washington detectives this afternoon are endeavoring to find an Italian who took dictation from Scanland while Scanland was a guest at the Hotel Raleigh, hoping that the stranger may shed some light on the movements of Scanland after he left the cemetery.

Mrs. J. William May, who came to Demaine's chapel Saturday during the progress of the inquest and asked to

Virginias Scalp Knickerbockers.

After enjoying a delightful autumn day truck ride to Georgetown yesterday, the Virginia Athletic Club football team defeated the mighty Knickerbocker Athletic Club gridironers by the score: Virginias, 6; Knickerbockers, 3.

When a football team has to tackle another whose weight averaged fully forty pounds to the man more than their own weight; same opposing team having such a noble football gladiator as Mr. John Hagerty, of Georgetown University, as coach; not only those advantages but playing upon their own battlefield, and then winning when the Knickerbockers had a three-point lead which was gained during the first quarter of play from a field goal, surely the winner must have been playing a great football game, and that was the feat the Virginias had to perform to beat the Knickerbockers.

The Virginias played high-class football and used numerous trick plays that fooled the Knickerbockers. The Virginias fought like infuriated tigers when the elephant-like Knickerbockers tried to conquer them, and while several players from both teams had to retire on account of injuries received, nevertheless, there were others ready to fill the gaps in the battle lines. A world-war, hero, who fought in many battles in France and was one of the first soldiers to invade Germany as as member of the First Division, American Expeditionary forces, was the hero of the football game.

During the last quarter, when only two minutes of play remained, Earl Cornell captured the ball and made a long run—with the Knickerbockers chasing him like a pack of wolves—and crossed the line for a touchdown, thus winning the game for the Virginias. The play was a pretty one and showed what can be accomplished if the verse of poetry that runs thus: "If you don't at first succeed; try, try, again; time will bring you your reward; try, try, again," etc. Coach Lee Nalls has worked wonders with the Virginia lads, and it is no boast to state that his football warriors will compare favorably with any in the District of Columbia or Virginia, averaging 140 pounds per man.

The Knickerbockers have a well-working and powerful bunch of football players and play hard at all times and treated the Virginias with every courtesy.

Captain - elect Dudack, "1920" Georgetown University football team, was referee, and his decisions to both teams were rendered in a faultless manner.

Carl Mueller, umpire; Lamar Munroe, timekeeper, and Ross Fisher, head lineman, were the other officials who served during the contest.

By carrying off the honors in one of the cleanest scholastic gridiron clashes ever staged on Hoxton Field, near this city, Tech's football aggregation of Washington, hammered another notch in its stock of victories yesterday when it took the measure of the strong Episcopal High School eleven, 28 to 7.

A more or less antiquated style of attack, featured by incessant line plunging, which has marked the manual trainers' playing for several years past, was instrumental in defeating the Episcopalians whose line, under continual and irresistable smashing and hammering, finally crumbled, permitting a tally in the second and third periods and two in the final.

Playing with that same vim and dash that characterized their play last season the Dreadnaught steam roller tactics continued yesterday this time at the expense of the Post Team of Fort Myer, Virginia, who were "boxed barraged" and taken into the local camp by 33 to 0, and the latter incidentially maintained the honor of preventing their goal line from being crossed this season.

The cavalrymen played consistent football until the last quarter when several fumbles on their part proved costly as they were immediately covered by the Alexandrians and quickly converted into points. The ball see-sawed up and down the field during the first quarter, changing hands several times, when finally the locals got started and line plunges by Les Swan, Junk Treger, Johnny Wenzel, and Blondy Hasson resulted in the first score, when the latter slipped over the Soldiers goal, Woby Haines missing the try for goal. The defensive work of "L'il" Summers, Sailor Hurst, Vic Dulguid, Woby Haines, and Billy Crouch featured in this quarter, the cavalrymen attempts to pucture the local line going for naught, their attacks being repulsed at all times. During the second quarter the locals sent in Ed West, Bull Treger, Ben Swan, Bob Wenzell and Ding Knight, and these lads more than made good, showing great pep and driving ability, opening up holes in Fort Myer line, that easily allowed the alert backfield men of the big "D" lads to send Junk Treger over for the second score, Captain Wenzel kicking a pretty goal, making the score at the ending of the first half, Dreadnaughts 13, Fort Myer 0.

During the intermission the Fort Myer Band rendered several selections, doing their bit to make their outfit to come back, and for the first quarter of the second half the soldiers held well, but a costly fumble on their part when endeavoring to kick, after being held for gains, resulted in the locals securing the ball on the twelve yard line, and with a 8 yard gain by Wenzel, Jimmy Hasson was across their line for the third tally, Woby Haines succeeding in kicking goal. The last quarter was a rout for the visitors, the sending in of fresh men by the home team catching Fort Myer groggy, Les Swan and Johnny Wenzel going over for touchdowns, after wonderful interferences on the part of the Dreadnaughts forwards. Ed West and Bull Treger played their first game for the locals and showed to good advantage in opening holes in the opponents line and in hard tackling, and Coach Billy Crouch remarked after the game that he was satisfied that Alexandria would have a greater team then last season's pride, when only one game was lost, that to the semiprofessional, Rex A. C., score 3-0. During the last five minutes of play Captain Wenzel sent in his reliable flyweight ends Dukey Lucas and Jack Tulloch and this pair showed great "diving" ability and thus ended a pleasant afternoon for all.

Score by quarters:

Dreadnaughts	6	7	7	13	— 33
Fort Myer	0	0	0	0	— 0

has spoken in grave tones. Hundreds of churches have offered special prayers for industrial peace and the country has come through a crisis with a double force of police on duty in London's main thoroughfares.

A series of conferences will be held this week, at which the Government's stand will be the chief subject for discussion. The most important of these meetings is the gathering of representatives of all labor unions next Wednesday, when the general policy of labor will be considered.

In some quarters emphasis is placed upon the political end of the miners' strike, but little has happened apparently to justify the statement that it has been based on anything but economic questions. However, it is agreed that a prolongation of the strike would lead to political events of profound political importance.

Nation-wide Demonstration Sale of Pathe Phonographs and Pathe Records

TOMORROW morning, a sale of phonographs will be opened in this store, the character and magnitude of which is more far-reaching than has ever been attempted in the history of music.

This is a sale which will be ultimately carried out in approximately one hundred of the principal cities of the United States.

It is a move on the part of the Pathe Freres Phonograph Company of New York City, manufacturers, and the retail dealers in Pathe Phonographs and Records to bring the excellence of these instruments and records directly, forcefully, and immediately to the close and intimate attention of music loving persons, under a plan which offers exceptional advantages to the purchaser.
The following gives the essential facts concerning this intensely interesting plan:

$25 worth of Pathe Records FREE

This most unusual sale is a campaign to more directly demonstrate and thoroughly introduce Pathe Phonographs and Pathe Records to the people of Alexandria and vicinity. There have been 100 genuine Pathe Phonographs, and their complement of FREE Pathe Records, allotted to us for this purpose. Practically all of this entire allotment is right now in our store and will be sold upon the special terms and conditions mentioned elsewhere in this advertisement and there will be no delay in delivery to you.

While this announcement is most unusual, in itself, yet this alone does not give the full significance of what this sale really means.

This Special sale of 100 Pathe Phonographs in Alexandria is less than a one-hundredth part of a gigantic co-operative campaign which has been planned to take the Pathe direct to the homes of the people in more than one hundred of the principal cities of the United States.

It is the purpose of the manufacturers, through this attractive sale and plan to get twenty thousand more American homes right at this time to know and use and praise and boost Pathe Phonographs and Pathe Records. And to accomplish this monumental piece of business enterprise, it is the purpose of the manufacturers to ultimately carry out this great nation-wide demonstration in over one hundred of this country's principal cities.

Every one of the vast number of instruments required, running well into millions of dollars; every statement made, and every condition of sale accorded the purchaser will be identical. The 100 persons in Alexandria who are so fortunate as to obtain the phonographs we have been allotted, will be given the same price to a penny, and the same conditions and guarantees as the persons in New York City, San Francisco and every other city where this campaign may be carried on.

This sale is to create a closer acquaintance with and to further popularize the Pathe Phonograph and Pathe Records. And nothing will be permitted, in presenting their claims for your approval, that will in the slightest degree reflect upon their standing or tend to break down the great and enviable name they bear.

Origin of the Pathe and What is Back of it

The Pathe Freres (Pathe Brothers) Phonograph Co. is one of the great, successful and enterprising houses manufacturing phonographs and phonograph records, of the world.

It is an American Company, with its principal factory located at New York City, and is a part of the world-famous European firm of Pathe Freres, which is this year celebrating its twenty-fifth year in the phonograph industry.
Pathe Freres (Pathe Brothers) are French scientists and inventors and are, today, probably the most distinguished authorities on matters pertaining to tone reproduction. They are the inventors of innumerable devices in the fields of radio wireless telegraphy, the motion picture industry and the phonograph.

The Pathe Rooster shown herewith, which is the Pathe trade mark, is one of the most widely known trade marks known to man. In the United States alone, it is estimated that ten million persons see it weekly on screens of international events shown in the Pathe News at motion picture houses.

And it is this same Rooster, this same great symbol of business honor and enterprise, that we wish, through the medium of this unusual demonstration sale, to more thoroughly introduce to the people of Alexandria.

WEEK'S PICTURE BILL.

Considerable importance is being attached by regular patrons of the local theatres to the attractions that have been booked to be shown at the Richmond and Ingomar theatres during the coming week and there is no doubt but what every one of the big pictures coming will receive more than usual attention from Alexandria theatre-goers.

The "American Beauty", Katherine MacDonald, holds the center of attraction at the Richmond theatre tonight and tomorrow night, in "Curtain", a delightfully refreshing picture of stage life from the celebrated Saturday Evening Post story of Rita Weiman. It is one of the best starring vehicles this charming actress has ever had. There has never been a picture shown here that disclosed such close, intimate knowledge of the stage and the story is real in every detail.

Wallace Reid, one of the foremost idols of Alexandria theatre patrons will furnish the thrills Wednesday evening, in a sequel to his great picture. "The Roaring Road,. The nameof the offereing of Wednesday is "Excuse My Dust" and is a worthy companion to the great automobile race picture that was shown here some time ago.

"Merely Mary Ann", is the title of the picture starring petote Shirley Mason, that is to be shown at the Richmond on Thursday afternoon and evening and W. Harmon Reed, a member of the firm operating the Richmond and Ingomar theatres states that it is one of the best pictures he had ever seen, starring this popular actress.

William Fox presents Max Brand's great All-Story Weekly story. "The Untamed", with Tom Mix, the hard-riding, devil-may-care Fox star in the role of "Whistling Dan Barry". It shows this great story to perfection, the man who cared more for his ferocious black stallion, Satan and his wolf-dog, Black Bart, than he cared for the companionship of men or women. Men said of "Whistling Dan" that lightning might be fast, but that it was slow compared to the way he handled a gun. This picture will complete the week's program at the Richmond.

Something out of the ordinary is scheduled for tonight at the Ingomar theatre when "Before the White Man Came", will be shown with an all-Indian cast. This is the first and only picture ever filmed wih a cast composed entirely of American Indians. The fifth chapter of "Ruth of the Rockies" will also be shown. The other pictures for the week at the Ingomar are as follows:

Tuesday — Bryant Washburn, in "What Happened to Jones", and a two-reel comedy, "His Last False Step", Wednesday—Aileen Percy, in "The Husband Hunter", Thursday—Gail Kane and Thurston Hall, in "Empty Arms"; Friday—Billie Burke in "The Stafford Mystery" and Chapter 13, of "The Third Eye"; Saturday—Buck Jones in a big William Fox western production "Firebrand Trevison".

Was Worth Its Weight In Gold

Mrs. Procter Values Tanlac Highly—Gains Twenty-Five Pounds

"A medicine that will do as much for anyone as Tanlac did for me is worth its weight in gold," said Mrs. Sydney Procter, 524 College street, St. James, Winnipeg, Manitoba, Canada.

"Last winter," continued Mrs. Procter, "I was so run down and weak it was all I could do to get around the house by holding onto the chairs and furniture. I had no appetite and everything I managed to eat seemed to lie in my stomach and sour, causing so much gas and palpitation that I could hardly breathe. I had terrible dizzy spells, and was so nervous the least thing upset me and I had a pain across my back all the time. I had splitting headaches, never knew what it was to get a good night's rest and of mornings I felt simply dreadful. I was told my condition was the after effects of 'flu' which I had earlier in the winter, but I could find nothing to help me at all.

"Tanlac was so highly recommended I resolved to try it and it certainly proved its worth to me. I have gotten back my lost strength and now do all my housework easily; I eat ravenously, digest everything perfectly and have gained about twenty-five pounds in weight. Every one of my troubles is gone and it is a pleasure to have this opportunity to recommend Tanlac."

Tanlac is sold in Alexandria by Edgar Wanfield, jr., and Gibson's Drug Store.

COCKRAN TO SUE FOR LIBEL

Will ask 500,000 Damages Each From Chicago News and Adams.

Chicago, Oct. 25.—W. Bourke Cockran, of New York, before leaving Chicago last night for Fort Wayne, Ind., on his speaking tour, on behalf of the Cox and Roosevelt authorized the statement that he would institute a suit for $500,000 each against John T. Adams, of Iowa vice-chairman of the Republican National Committee, and the Chicago Daily News, claiming punitive or vindictive damages because of publication in the Chicago News of October 21 of a statement by Mr. Adams in which he referred to charges made many years ago that Mr. Cockran had profited financially in making campaign speeches, knowing them to be false.

Mr. Cockran made the announcement at his hotel as he was preparing to catch a train and authorized a statement that he had requested his nephew, Cecil F. Elmes, of Chicago, to engage attorneys and file the suit at once. Mr. Elmes stated last night that the suits would be filed tomorrow.

SCORES SEE MAN DIE IN NIAGARA

Niagara Falls, N. Y., Oct. 23.—Before the eyes of a score of sightseers at Prospect Point late Friday afternoon, a man climbed over the railing, walked out into the river and was carried over the American falls. Too astounded to act, the spectators stood by while the man drifted to the brink waving his hand and shouting: "Here's where I leave you; good-by."

In a black derby found near the place where the man climbed the rail ing was found a piece of paper, on which was written: "This hat belongs to Carl A. Ellis, of Hamburg, N. Y." The description of the suicide corresponds to that of Ellis, who could not be located in Hamburg last night.

The owner of a souvenir stand near the falls told the police that the man approached him and laughingly said: "Well, I can't vote for Harding, so I may as well go over the falls." The souvenir seller thought the man was joking and paid no more attention to the incident until a short time later when he saw the fatal leap.

New York, Oct. 25.—The body of an unidentified woman with a piece of manila string wound and tied about the neck was found by hunters late Thursday i na clump of trees near West New Brighton, Staten Island.

The trampled condition of the ground and marks upon the face and hands indicated that the woman had been killed after a struggle. Her hat was found several feet away and pearls from a broken necklace were scattered about. She was apparently about 30 years of age.

OPENING DAY A BIG SUCCESS

Rexall Store Crowded all Day Saturday—Eager Throngs Call For Re-Cu-Ma.

We never anticipated such a crowd" said W. S. Grubbs, mgr. of the Rexall store, they were referring to the unexpected number of people who called Saturday to investigate Re-Cu-Ma, the new stomach, liver and nerve medicine. "Why we could have given out several times the number of bottles of Re-Cu-Ma than we had prepared for free distribution.

"Many didn't use the coupon at all. They wanted Re-Cu-Ma and they bought and paid for it. It was a remarkable success for the opening sale of any medicine. The people know what they want nowadays and the man who has it for them is the one who makes a success. That's why our store has grown, because we have what the people want.

"We believe there were people in our store yesterday who were never in here before Re-Cu-Ma brought them."

Re-Cu-Ma is a big success everywhere. It gets results. That's the reason. Testimony from prominent people over the South states that Re-Cu-Ma acts wonderfully on the liver, relieving headaches, biliousness, malarial conditions, nervousness and constipation.

Re-Cu-Ma gets and keeps the stomach in a clean, strong condition, overcomes indigestion, dyspepsia, gas on stomach, makes a good appetite and makes eating a pleasure. The kidneys are strengthened and one awakes in the morning feeling rested and strong and no pains in the back.

Re-Cu-Ma is successful in rheumatic cases because it purifies the blood and builds up the kidneys and with clean blood and strong kidneys rheumatism cannot exist.

Re-Cu-Ma is sold in Alexandria by the Rexall Store and all good druggists everywhere.

Present Coal Yield Highest in 10 Months.

The report of the Geological Survey shows that for the week ended October 9, approximately 12,075,000 tons of bituminous coal were mined.

This is the largest production in any week since the early part of last January, and was only exceeded last year in the two weeks which immediately preceded the coal strike. Production of anthracite also increased, amounting to 1,847,000 tons, an increase of about 45,000 tons over the previous week.

LOST HUSBAND; WINS $200,000

Record Alienation of Affections Verdict Rendered By N. Y. Jury.

New York, Oct. 25.—A sheriff's jury yesterday awarded $200,000 to Mrs. Laura Cave Wilson in her action against Mrs. Bertha Lobit Wilson, charging alienation of her husband's affections.

The verdict is said to establish a new high record in this class of litigation. The plantiff, Mrs. Laura Cave Wilson, alleged that Wilson married Mrs. Bertha Lobit Wilson without obtaining a divorce. Mrs. Laura Cave Wilson's father was Maj. Cave, a railroad builder, of Dallas, Texas. Mrs. Bertha Lobit Wilson is the daughter of a banker in Galveston, Texas.

10-Year Sentence For Mrs. Kenyon.

Norwich, Conn., Oct. 23.—Mrs. Mabel C. Kenyon yesterday was found guilty of manslaughter in killing Dr. Herbert Tetlow.

Dr. Herbert Tetlow was a physician by graduation from Western Reserve University, but never practiced. He devoted his time to horticulture in Pawcatuck, across the river from Westerly, R. I., his native town. He had known Mrs. Kenyon many years and had been, according to evidence, on terms of intimate friendship with her. Mrs. Kenyon had been married three times, the last thirteen years ago. She had three children by her third marriage, the third about a year ago.

The State offered evidence to show that Mrs. Kenyon had referred to the baby as "Herbert's and mine."

On June 11 Dr. Tetlow was shot while in his home. A revolver which had been discharged four times was turned over by Mrs. Kenyon to officers. She had been in Dr. Tetlow's house at the time of the shooting.

In the trial the defense claimed that Dr. Tetlow had shot himself because he was in love with the defendant. Mrs. Kenyon's husband and children were at her side during the trial.

Court took a brief recess after the verdict, and then Mrs. Kenyon was sentenced to serve from 10 to 15 years in prison.

For Father, Mother and the Children

COUGHS AND COLDS worry thoughtful persons more than they do the frivolous. Observing men and women know how quickly a cold can run into something more serious. So it is that in thousands of homes in the United States you will find

Foley's Honey and Tar
COMPOUND

in the family cupboard. In this time-tried and old reliable medicine are scientifically blended the pungent, clean and wholesome tar of the pine and balmy, tasteless, demulcent honey with other curative and healing plants used by our grandmothers, for coughs and colds.

Never Without It In His Home

Samuel McCoy, 7 Fowler St., Trenton, N. J., writes: "I can truthfully say that Foley's Honey and Tar is the best cough remedy I have ever had in my family. We are never without it in our home. You can use my name and my recommendation."

Gave It to Her Children and Grandchildren

Mrs. V. M. Katz, 502 Armondale St., N. S., Pittsburgh, Pa., writes: "I gave Foley's Honey and Tar to my little grandson when he had a bad cold and it did him lots of good. I used to use a lot of it when my own children were small. Children like to take it."

Foley's Honey and Tar seems to get right at the root of the trouble, loosens phlegm and mucus, clears the passages, soothes the inflamed and irritated membranes, exerts a healing and soothing medicine, eases the cough, stops tickling, and checks the racking cough.
